Reference: Paradigm Consultants, Inc.

To Whom It May Concern:

I have worked with Paradigm Consultants, Inc. On numerous educational facility projects the past several years while at Spring ISD and have experienced the professional and high-quality approach and services they provide. I had a long term business relationship with Brent Lapsley when he was employed by another firm prior to starting Paradigm in 1995.

I encourage you to consider Paradigm for your geotechnical engineering and construction materials engineering and testing needs and am confident that you will also receive quality services at a fair rate.

Please feel free to call me if you need additional information.

Sincerely,

Terry Bell  
Director  
Planning & Construction Dept.
